DETAILED ACTION

1. This action is in response to the supplemental amendment that was filed and matched up to the file after the previous action was sent out.

Claim Rejections - 35 U.S.C. § 112

2. Claims 57-60 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for a forming step including *forming substantial cut lines and short line* (see specification page 1, lines 18-27), does not reasonably provide enablement for just forming substantial cut lines. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention commensurate in scope with these claims. The claims are broader than the enabling disclosure.

3. Claims 61-75 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for a printable sheet having *forming substantial cut lines and short lines* (see specification page 1, lines 18-27), does not reasonably provide enablement for just forming substantial cut lines. The specification does not enable any person skilled in the art to which it

pertains, or with which it is most nearly connected, to make and/or use the invention commensurate in scope with these claims. The claims are broader than the enabling disclosure.
